### ***MADAKET Historical Tour of Humboldt Bay***

Enjoy a unique experience of the Humboldt Bay. The first and third class meetings will take place at the Humboldt Bay Aquatic Center for historical perspectives and insights.

During the second and fourth weeks, we will explore the Humboldt Bay from aboard the Madaket.

The Madaket is the last survivor of seven original ferries that transported mill workers and families around Humboldt Bay. Built in 1909, launched in 1910 and refurbished in 1989, she remains as a reminder of Eureka's bustling waterfront era. The completion of the Samoa bridge in 1971 put the ferry service out of business.

The Madaket continues to be the oldest vessel in continuous service in the United States, boasts the smallest licensed bar in the state, and is a California historic vessel.

*OLLI members only: Space in this class is limited to 30. Please register early to secure enrollment.*

*All participants will be required to complete a release of liability form at the first class meeting.*

*date* Fri., Sept. 7, 14, 21, 28  
*time* 11 a.m.-1 p.m.  
*fee/members* \$80/nonmembers \$ (47204)
