Statehouse Sidelights

AUTO TAG LAW REPEAL
OKLAHOMA CITY, May 25.—(AP)—Mike Donnelly, Oklahoma county commissioner, said today the Legislative committee of the Oklahoma County Officials' association would meet here Friday to plan a campaign for repeal of the auto license bill passed by the Sixteenth Legislature. The measure reallocated auto license taxes to give less populous counties larger shares of revenue. The 14 largest counties of the state, on basis of population, would lose funds. Donnelly said two legal committees would report on the constitutionality of the bill, adding that opponents of the measure were hoping a technical flaw would make possible an attack in the supreme court.

MARLAND TAX REFUND
Attorney-General Mac Q. Williamson planned to appeal today from a ruling of the Oklahoma tax commission refunding \$10,594 in income taxes paid by Governor Marland. Williamson filed notice of appeal after the commission

held Marland should be refunded \$14,994 for excess payments in 1919, 1920 and 1922, and should be assessed \$4,400 additional taxes on returns for 1925 and 1927.

ROAD NOTE REPEAL
Leah C. Phillips of Okemah, House Minority leader, became an executive committee member of the United \$35,000,000 Bon Repeal association today as plans were laid for state wide circulation of initiative petitions. J. D. Sapp, as was appointed after the committee was assured "indirectly" that he would support its campaign for repeal of the big highway note measure passed by the Sixteenth Legislature.

WPA WAGES
A 50 percent monthly WPA wage increase is being sought by the Oklahoma congressional dele-

gation, Ron Stephens, newly-appointed state progress administrator, disclosed on his return here from Washington. The increase, Stephens said, was sought in a transfer of Oklahoma from the southern region to the same region as Kansas. He said Kansas has a minimum wage for unskilled labor of \$35, compared with \$23.10 for Oklahoma. Stephens said, however, a 25 percent personnel reduction after July 1 was inevitable.

Five Boys in Train Wreck Case Paroled

McALESTER, Okla., May 25.—(AP)—Five boys charged with placing rocks on a railroad track near Kiowa Sunday were committed to the Pauls Valley Training school today by County Judge William Jones, who then paroled them to their parents. The rocks derailed

the front trucks of an engine attached to a passenger local. None of the passengers in the three cars was injured.

The boys were ordered committed after Herbert Zoshell, 7, one of the five boys, said the rocks were placed on the track because the boys "wanted to see a train wreck."

Board Is Near End Of Tax Adjustment

The County Excise board membership, sitting as the County Equalization board, resumed its sessions at the courthouse today. Members said they have virtually completed their tax adjustment work.

Joe R. Woolard, chairman, said the final meeting would be June 7, set by law as the final date for a county equalization session.

MORE MILEAGE

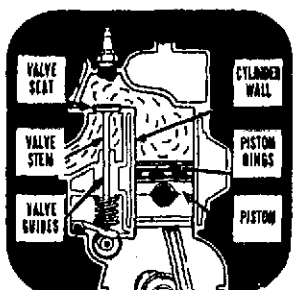

1 Make a Tankful Test of D-X or D-X ETHYL
We Guarantee You More Mileage and Greater Satisfaction or Your Money Back

2 Make a Full Crankcase Test of DIAMOND 760 MOTOR OIL
We Guarantee You More Mileage and Greater Satisfaction or Your Money Back

Here is why we can make this Challenge

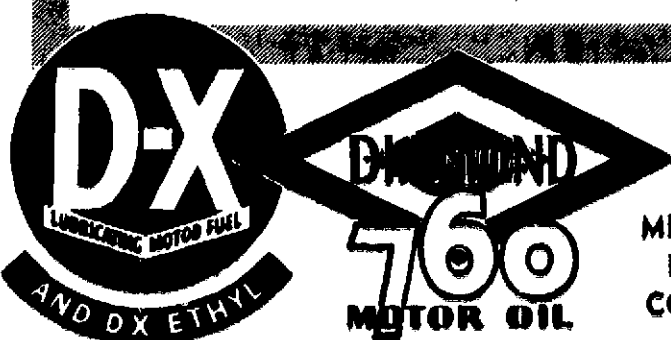

More mileage is an assured fact with D-X or D-X Ethyl, because, as an exclusive feature, these modern motor fuels contain a special high heat-resisting lubricant which provides needed lubrication to upper cylinder parts not adequately lubricated by crankcase oil. (See cross-sectional diagram of motor, right.) This extra upper cylinder lubrication makes engines run faster and cooler, decreases wear and increases mileage. And Diamond 760—the pioneer 100% paraffin base, heat-resisting motor oil—insures complete, safe, long-lasting lubrication... actually costs less per mile!
